

COURAGEOUS CONVERSATION

2017 REGIONAL SUMMITS

Courageous Conversation will host two Regional Summits in June. Each host city will offer a unique slate of two-day-long professional development seminars that will deepen your understanding and application of racial equity in your daily life. This advanced understanding will impact you and your personal and professional communities as you develop the will, skill, knowledge, and capacity to sustain productive conversations about race and the consciousness to develop effective racial equity initiatives. We invite you to take your choice of seminars, learn more and register online, and join us this June to be a part of a transformative experience.
